

Reidsville Leaf Collection

Don't put your leaves out just yet. We have three more weeks until loose leaf pickup begins. If you have leaves that must be raked they can be placed in bags at the curb and the Solid Waste Department will pick them up.

The Reidsville Public Services Department will begin weekly curbside loose leaf pick-up on November 4, 2019. Please place your loose leaves in your yard near the curb or edge of pavement (away from storm drains or parked cars) by 7:00 am. on your regular loose leaf collection day. Please separate leaves from brush and other waste in order that separate pick-ups can be made for each. The schedule may vary when volume is extremely heavy and for holidays.

This service will end the week of January 6, 2020. After your collection day that week you must bag your leaves to be collected by the Solid Waste Department. If you have questions about this service, please call 349-1070 from 7:00 – 3:30 Monday through Friday.
